12. What should I do to stay safe when registering a prepaid SIM?

Always ensure that your SIM registration is done through authorised channels such as the Service Provider's official app, website, or an authorised Dealer. Never share your Identification Documents, photos, MyDigital ID or One-Time Password (OTP) with anyone claiming to "assist" with registration.

13. How can I avoid becoming a victim of fraudulent or unauthorised SIM registrations?

Be cautious of individuals offering to register SIM cards on your behalf or requesting your personal details for "faster processing". These are common methods used in scams. Only provide your details directly to Service Provider platforms or authorised Dealers.

14. How do I check if a SIM card has been registered under my name without my knowledge?

Your Service Provider has provided a free-of-charge mechanism that enables you to check and view all active prepaid SIMs registered under your identity. If you notice any numbers you did not register, contact your Service Provider immediately.
